

STREAMLINE LEARNING HOME EDUCATION PROGRAM

Grades K–12 | Flexible Homeschool Support Designed Around Your Family

Streamline Learning's Home Education Program provides families with two levels of support, allowing parents to select the homeschool experience that best meets their student's academic and family needs.

Programs are offered through **Streamline Learning, 2252 East Semoran Blvd., Apopka, FL 32703**, with a combination of home-based, virtual, and in-person educational opportunities.

OPTION 1: HOMESCHOOL HIVE FLEX

Part-Time Homeschool Co-Op & Enrichment Program

Tuition: \$3,000 per academic year

Payment options:

- \$300/month for 10 months
- \$75/week

Hive FLEX is designed for families who maintain primary responsibility for their child's homeschool curriculum but want consistent academic, social, and enrichment support from Streamline Learning.

Program Includes:

- Friday in-person Homeschool Hive programming
- Hands-on educational activities
- Project-based learning
- Small-group academic support
- Parent homeschool/co-op support
- Enrichment opportunities
- Saturday Social Club access
- Socialization and collaborative learning
- Educational workshops and special events
- Opportunities for field trips and community activities

Best for: Families who already have a homeschool curriculum or learning plan and are looking for supplemental instruction, enrichment, socialization, and community support.

OPTION 2: HOMESCHOOL HIVE FULL

Full-Service Home Education Program

Proposed Tuition: \$5,500 per academic year

Payment options:

- \$550/month for 10 months
- \$137.50/week

Hive FULL provides families with a more comprehensive homeschool solution combining structured digital curriculum, teacher support, academic monitoring, in-person learning, and enrichment.

Everything in Hive FLEX, PLUS:

- Edmentum digital curriculum
- IXL personalized learning and skills practice
- Structured K–12 curriculum
- Core academic coursework
- Access to virtual teachers
- Virtual academic support
- Student progress monitoring
- Academic check-ins
- Assignment and curriculum guidance
- Additional support for students needing intervention or acceleration
- Greater instructional support for parents managing home education

Students complete much of their coursework from home while receiving structured academic support from Streamline Learning.

Best for: Families who want the flexibility of homeschooling without having to independently select curriculum, organize all coursework, and provide all academic instruction themselves.

ACADEMIC PROGRAM

Depending upon grade level and student needs, coursework may include:

Mathematics: Foundational Mathematics, Pre-Algebra, Algebra, Geometry, Advanced Mathematics and Calculus

Language Arts: Reading, Writing, Grammar, Vocabulary and Literature

Science: General Science, Life Science, Earth/Space Science, Biology, Chemistry and Physics

Social Studies: U.S. History, World History, Civics, Government and Geography

Electives & Enrichment may include: Art, Music, Physical Education, Coding, Robotics, STEM, Spanish, French, Home Economics and other specialty courses.

ADDITIONAL FEES

Certain optional courses and activities may require additional fees:

Science Lab Fee: \$50 per semester

Includes materials used for experiments and hands-on laboratory activities.

Field Trips: Approximately \$25 per trip

Fees vary by destination and may include admission, transportation, or activity materials.

Specialized Electives: \$75 per semester when applicable

May apply to courses requiring specialized equipment, supplies, or materials, including robotics, music, art, and similar programs.

WHY FAMILIES CHOOSE THE HOMESCHOOL HIVE

Flexible. Structured. Connected.

The Homeschool Hive gives families the freedom of home education while providing access to professional educators, quality curriculum, enrichment experiences, social interaction, and a supportive learning community.

Whether a family needs a **part-time co-op experience through Hive FLEX** or a **comprehensive academic solution through Hive FULL**, Streamline Learning provides a pathway designed to help students thrive.
